IMMUNIZATION RECORD

Student Name: ___________________________________________ Date of Birth ________________________________

**Important:** As of July 28, 2016 per the amended Texas Administrative Code, Rule 97.64 Documentation of immunizations are required at the time of application and/or completed by the start of all clinical class enrollments and clinical visits to affiliate sites.

Program applications will not be accepted without completed immunization documentation. Vaccines administered on or after September 1, 1991 must include the mm/dd/yy, each vaccine was given.

**If you don't have your immunization records, look in these places:**

- The doctor's office or public health clinic where you got your shots
- Your family records, such as a baby book
- Your high school
- ImmTrac, the Texas Immunization Registry
- A college or university you've attended, if they had immunization requirements
  
  Institutions where immunization records might be found usually have rules for how long they are kept, so very old records may no longer be available.

**Blood work proving immunization (titers test) may be used as replacement in documentation of immunity.**

*Checklist and General Information regarding Immunizations:*

All applicants must provide a copy of written documentation from a physician or public health authority for:

- **Varicella** (Chicken pox) - Proof of either (a) a physician-documented history of the disease, or (b) documentation of two varicella immunizations, or (c) a serum titer confirming immunity. **Note:** The varicella injection series is a four-week process. If first dose of varicella was received prior to thirteen years of age only one dose necessary. Proof of date of birth must be included.

- **Hepatitis B** - Proof of either: (a) a complete three-injection series of hepatitis B vaccinations, or (b) a serum titer confirming immunity. **Note:** The hepatitis B injection series is a 4-6 month process. There must be a minimum of four weeks between the 1st and 2nd immunization, minimum of eight weeks between the 2nd and 3rd immunization, and a minimum of sixteen weeks between the 1st and 3rd immunization.

- **Measles** - Proof of either: (a) two doses of measles vaccine on or after first birthday, or (b) a physician-documented history of disease, or (c) a serum titer confirming immunity. **Note:** Students born before Jan. 1, 1957 are exempt from the measles requirement. There must be at least four weeks between the first and second measles vaccination.

- **Mumps** - Proof of either: (a) one dose of mumps vaccination on or after first birthday, or (b) a physician-documented history of disease, or (c) a serum titer confirming immunity. **Note:** Students born before Jan. 1, 1957 are exempt from the mumps requirement.

- **Rubella** - Proof of either: (a) one dose of mumps vaccination on or after first birthday, or (b) a physician-documented history of disease, or (c) a serum titer confirming immunity. **Note:** All students are required to show proof of rubella.

  ***Combined MMR vaccine is vaccine of choice if recipients are likely to be susceptible.***

- **Tetanus** (TdaP) - Proof of tetanus vaccination within the last 10 years; at time of application **Documentation of Date:**______________

- **Tuberculosis** (TB) - Proof of TB test (PPd skin test or chest x-ray) with a negative reading. Must be within 12 months prior to start of clinical courses.

**Dental Assistant and Phlebotomy Students**

- **Bacterial Meningitis Vaccination** (MCV4) - Per state legislation – SB 1107, beginning Jan. 1, 2012, certain college students under the age of 22 years must receive this vaccination. **Needed only for the CE program of Dental Assistant which are 360 hours or more.**

- **Flu** (Influenza) - Proof of 1 dose of influenza vaccine annually for Phlebotomy Students

Please review the below chart of CEWD Health Care program information. Per the requirements of House Bill 1508, make note of limitations of licensing or employment due to offenses of your background check. This new statute requires that any educational institution offering a program that prepares a student for an occupational license be notified of the below four items in order to comply with the statute:

1. The potential ineligibility of an individual who has been convicted of an offense for issuance of an occupational license upon completion of the program;
2. Current guidelines by any licensing authority that may issue an occupational license to an individual who completes a program;
3. State/local guidelines used by a licensing authority to determine eligibility for a license;
4. The student’s right to request a criminal history evaluation letter.

Due to merging of many departments within the State of Texas, please take the time to review the website for your licensing authority prior to enrollment into a Continuing Education Health Care program. Students who have been convicted of a felony must contact the appropriate credentialing agency to determine eligibility. Many agencies have a criminal history evaluation. If there is no criminal evaluation and you have had a prior conviction, it may be difficult to find employment in the health care industry. 

*I have read this information sheet and understand it is my responsibility to ensure no issues regarding my criminal history limit me from gaining the respective licensing.*
