Adult Echocardiography
Pediatric Echocardiography
Vascular Sonography

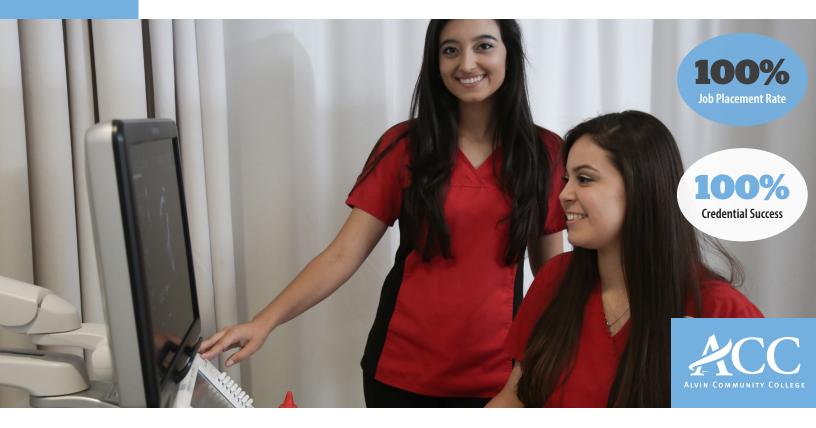

Your College Right Now

# **DIAGNOSTIC CARDIOVASCULAR SONOGRAPHY**

A.A.S. DEGREE/CERTIFICATE

# Improve Patient Care by Becoming a Sonographer at Alvin Community College

Sonography is the use of high-frequency sound waves, also known as ultrasound, to observe the internal world of the human body. Sonographers are on the front line of early detection and evaluation of cancer, women's health issues, heart defects, arterial blockages, and more.

ACC offers three DCVS concentrations: Pediatric Cardiac, Adult Cardiac, and Vascular. All require the use of ultrasound machines to produce images of patient's hearts, veins and/or arteries using high frequency sound waves.

# **Career Opportunities**

Career opportunities remain strong nationally and within the region. The Bureau of Labor Statistics notes that the Houston Metro region employs over 1,700 sonographers with an annual wage mean

of \$85,080. Starting salary for a new graduate is generally around \$55,000. Recruiters contact ACC regularly about qualified graduates to fill job openings.

An Adult Cardiac Sonographer is a specialized diagnostic medical sonographer who performs imaging on adult hearts or blood vessels surrounding the heart.

A Pediatric Cardiac Sonographer performs imaging exams on children (age 1-18 years), infants (0-12 months), or fetus (prior to birth). The images focus on the heart's blood vessels.

A Vascular Sonographer examines blood vessels using ultrasound.

If you are compassionate, flexible, detailoriented, and like working in a fast-paced and caring environment, you might be a good fit as a Sonographer.

# What Will I Study?

The DCVS program curriculum is composed of didactic instruction, hands-on laboratory practice, individual outside scanning practice, and supervised external clinical experience.

# **APPLICATION DEADLINE**

**ECHOCARDIOGRAPHY (A.A.S.) DEGREE** 

The deadline to apply for the Diagnostic Cardiovascular Sonography program is February 15. The program begins each June during the first Summer semester.

62

#### \*PROGRAM COSTS

The Diagnostic Cardiovascular Sonography degree program costs approximately \$4,479 for in-district students and \$7,404 for out-of-district students. This includes tuition and fees for DCVS courses. Additional fees for textbooks, supplies, uniforms, testing, vaccinations, insurance, and graduation are approximately \$4,379.

\*Alvin Community College may change tuition rates and other fees without notice or when directed by the Board of Regents.

#### **ACCREDITATION**

Both the DCVS degree and certificate programs are accredited through the Joint Review Committee for Diagnostic Medical Sonography (JRC-DMS) which is under the umbrella of the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

CAAHEP - 25400 US Hwy 19 North, Ste 158, Clearwater, FL 33763 | Phone:727-210-2350 | Email: mail@caahep.org

# ALVIN COMMUNITY COLLEGE DIAGNOSTIC CARDIOVASCULAR SONOGRAPHY PROGRAM CONFIDENTIALITY STATEMENT – PROFESSIONAL OBSERVATION HEALTH INFORMATION ACCOUNTABILITY AND PORTABILITY ACT (HIPAA)

I understand that information about the hospitals affiliated with Alvin Community College, its patients, volunteers, employees, or suppliers is confidential and that I will not discuss patient information with anyone other than my instructor, preceptor and/or the hospital staff directly involved in the patient's care. I understand that results of any medical tests of patients and employees will be known to certain physicians and direct care givers and I will keep this information in strictest of confidence. When in doubt as to whether certain information is or is not confidential, prudence dictates that no disclosure be provided without first clearly establishing that such disclosure has been authorized by the department manager.

The medical record is a confidential, legal document and, as such, all information contained therein or disclosed to me shall be treated as confidential and not discussed or repeated without authorization from the patient or responsible party. I understand that violations of the confidential nature of the medical record, the Release of Information Policy of the Hospital, or the security regulations of the Medical Records Department may result in either civil or criminal sanction(s). Civil penalties are fines of up to \$100 for each violation for each requirement per individual. Criminal penalties for "wrongful disclosure" can include not only large fines, but also jail time. The criminal penalties increase as the seriousness of the offense increases. These penalties can be as high as \$250,000 and prison sentences of up to 10 years. Knowingly releasing patient information can result in a one-year jail sentence and up to a \$150,000 fine. Releasing patient information with harmful intent, or selling the information, can lead to a 10-year jail sentence and a \$150,000 fine.

Your signature below indicates that you have been informed of the <u>Health Insurance Portability and Accountability Act</u> (HIPAA) regulations, and acknowledge the consequences of violation of those regulations.
